

WESTERN U.S. WYOMING

Pronghorn Antelope

Nowhere out west can a hunter find the herd numbers nor the large numbers and quality of trophy antelope buck than on the expansive private ranches of Wyoming. Bucks in the 14" - 15" class, scoring in the low to mid-70's are the norm, and each year, a good number of 16"—17" bucks are taken. And a few even that coveted 80" barrier fall to our clients. Success runs near 100% for our rifle and bowhunting clients alike. Taxes & tags not included.

3-Day Rifle Hunt \$2250 3-Day Archery Hunt \$1,950

Mule Deer

Our Wyoming outfitter manages over 150,000 acres of prime high-desert mule deer habitat and the results are nothing short of spectacular. Hunter success rates vary slightly from season to season, but consistently run in the 80%—90% range. Racks are wide and tall, sporting good mass and thus consistently score very well. Bowhunts in September utilize treestand and spot and stalk tactics, to take down several "book" bucks each season. Likewise our rifle toting clients enjoy high success on very good bucks in the 160"—180" B&C categories, and a few each year will push the 200" mark. The toughest part of this hunt is passing the "good" bucks looking for a great one!

Trophy Whitetail Deer

Our outfitter has access to 60,000 acres of private leases, all located in prime whitetail country. Success runs 90% - 100% on 125"—170" class bucks for these September and November hunts. Lots of quality bucks are seen throughout a typical hunt. Due to strong lease management, the bucks that this outfitter's clients harvest keep getting older, bigger each season. Few know it, but 170" B&C bucks are taken here.
